

There's nothing that will please the average man more than a good House Coat. A garment he very seldom buys for himself, but one that he always appreciates when it is given to him.

The House Coat season is on, and our showing of these choice garments is a splendid one.

They are made of selected Wool materials in shades of Blue, Brown, Gray and Wine. Fancy Collars and Cuffs or self-faced silk cord edges and frogs.

\$5, \$6, \$7.50 to \$15.

We're a showing of House Coats well worth coming to see.

The Atlanta Auto Races are good. Many world's records were broken in this race, and pictures of some of the speediest racers in the world are given. A splendid view of the track is shown and also some of the machines at top speed. This picture is on at the **Globe**.

THE EVIL PHILTRE is a beautiful colored picture and THE FISHERMAN'S BRIDE is an excellent picture and story of the life of the fisherman living around Astoria, Ore. These two feature pictures with some good comedies are at the **ISIS**.

PALE FACE'S WOOING, one of the best Indian stories we have ever shown. "THE KEEPER OF THE LIGHT," a pretty little silent drama told about a lonely lighthouse, telling the story of the simple, uneventful lives of the rugged folks of the lighthouse. The ocean scene in this picture is alone worth the price of admission. These features are at the **ORACLE**, together with some excellent comedy.

STRUCTURAL STEEL IS SHIPPED

MATERIAL FOR THE NEW HARRIMAN FREIGHT DEPOT.

Engineer Campbell Has a Large Force and Soon Will Increase the Number of Men.

The first car of structural steel for the new Harriman freight depot at Ogden was shipped from Canton, O., yesterday, and the balance of the material ordered from the big manufacturing plants at McKinley's old home will be forwarded to Ogden as fast as possible.

Engineer Campbell says the cold weather of the past week has interfered but little with the progress of the new structure and about one hundred men are now employed on excavation and foundation work connected with new improvements.

As soon as the weather moderates and usual Utah climatic conditions prevail, work will be pushed with vigor all along the program outlined and the force will be largely increased.

AT THE ORPHEUM THIS WEEK

Martinette and Sylvester, two remarkably agile and strenuous comedians, who are often called the "Boys With the Chair," are now in Ogden in acrobatics, called "An Attempt at Suicide." While Joe Sylvester is a well-known clown, Clark Martinette, is a remarkable athlete, and together they occupy ten minutes of hilarious laughs and most astounding bumps. Probably no pantomimist on the stage has succeeded in the art of "falling" and "breaking a fall" that Sylvester has, and in many of his surprising tumbles it would seem that he had broken every bone in his body. All this is done with fine comedy effect and the act is novel and deserving, as well as being delightfully farcical. All who see this act will agree that it is properly named—"An Attempt at Suicide."

Mohrman was soon on the scene and took Nelson into custody.

The man protested his innocence, claiming he had been working for Newman and that the check was in settlement for his labor. The officer, however, took Nelson to the station and, Newman's signature happening to be in the office, a comparison was made between Newman's real signature and the one on the check. There was a wide discrepancy, which brought Nelson to his senses, who then acknowledged that the signature on the check was a forgery.

INSPECTING BUTTER AND GROCERIES

DEPUTY STATE FOOD AND DAIRY COMMISSIONER HERE.

Pound of Butter or Can of Milk Falsely Branded Will be Condemned.

Deputy State Food and Dairy Commissioner Simon Hansen of Brigham City is in Ogden for the purpose of inspecting the dairy products of Weber county and also to look after the grocery stock of the city. He says he is going to examine all the milk and butter of the county and test every brand of groceries in the city and county before leaving the job.

When a suspicious looking can of milk or pound of butter is encountered it will be sent to State Chemist Harnes for analysis, and if it is found impure, will be condemned. The same rule will apply to the inspection of canned goods, green groceries and every other foodstuff that is being sold to the people.

Butcher shops will not be overlooked, and no pains will be spared to correct bad food conditions, if there be any, in the community.

Mr. Hansen states that so far he has found things generally in good condition, and that he does not anticipate finding anything but pure food on the market.

He will be in the city for a number of days attending to this work. Sanitary Inspector George Shorten is assisting Mr. Hansen, as well as Drs. Barnhart and Huffman.

YOUNG MAN CONFESSES TO CRIME OF FORGERY

Last night Henry Nelson, 26 years of age, claiming to hail from Spokane, Washington, tried to turn a smooth trick and, as a result, today he is languishing in the city jail, and tomorrow he will be called upon to face the charge of forgery.

He went into a business house and presented a check, drawn ostensibly by W. E. Newman in favor of Nelson, for \$12.40. The proprietor had his suspicions about the genuineness of the check and, making Nelson think he was looking for change, called an officer, Policeman

EXPENSES OF THE WATER WORKS

LOUIS ZITZMAN CLAIMS HE CAN MAKE A REDUCTION.

Sends Letters to Mayor and Councilmen With Figures on Cost of Administration.

Louis Zitzman some days ago made application to the city clerk for the waterworks department under the new administration. He based his application on the statement that he could save the city half the expense of the present cost of administration.

As a result, he was invited by the mayor-elect to present his figures. His answer is in the form of a letter which he has sent to the members of the incoming administration, as follows:

Ogden City, Dec. 13, 1930.

"Mr. Mayor and Councilmen of Ogden City.

"Dear Sirs:—I take the liberty of writing you at this time to state that I am a candidate for the office of manager of the waterworks of Ogden City. I also wish to make a few statements regarding the most of the system at present and the changes in the cost of the system that I will make, should I get the position.

Cost of Office Force Under the Present Administration.

Mr. Charles Kircher, Mgr., \$250.00 per month.

Mr. Taylor, foreman, \$100.00 per month.

Mr. Loggren, inspector, \$100.00 per month.
